LAKE CHARLES AREA SERVICE CENTER

SPL's Lake Charles Service Center provides sample pickup and courier service to customers in the Lake Charles area. Our qualified staff will pick up samples from your office and prepare them for same day delivery or shipment to the appropriate SPL laboratory.

To order sampling kits or schedule a pickup, please contact:

Regina Smith, Service Center Manager
SPL Service Center
2818 S. Beglis Parkway, Sulphur, LA 70665
Phone: 337-287-8098
Email: rsmith@spl-inc.com

Sampling kits can also be ordered by visiting our website at www.spl-inc.com. For questions or proposals, please contact your SPL sales representative.

SPL is a nationally-recognized full-service laboratory company offering quality environmental, petroleum, and air services to our clients. Our laboratories are nationally accredited with NELAC and accredited with Louisiana Department of Environmental Quality and the Texas Commission on Environmental Quality. Please visit our website at www.spl-inc.com for an updated listing of our certifications.
