Southern Petroleum Laboratories, Inc.
ATTN: Isabel Schiro
500 Ambassador Caffery Parkway
Scott, LA 70583

Subject: Laboratory Submittal Package Review

Dear Ms. Schiro:

The subject information submitted to the Department of Environmental Quality (DEQ) Petroleum Release Section has been reviewed. Based on the material submitted, it appears as though Southern Petroleum Laboratories, Inc. (SPL), can meet the laboratory analytical requirements for those analyses pertaining to petroleum releases regulated by the Petroleum Release Section.

SPL, at the above address, is given conditional approval to perform analyses on samples collected to satisfy the requirements of the Petroleum Release Section. SPL will be formally added to the list of approved laboratories once they have established that they can consistently meet, or exceed, the Petroleum Release Section's analytical requirements.

The DEQ looks forward to working with SPL. If you have any questions or comments pertaining to this letter, please contact me at (406) 444-1388.

Sincerely,

Scott Gestring
Environmental Specialist
